BRIEF ABSTRACT OF LETTER.

Submits his further representations protesting against the issue of free-passes by the Ry. authorities to the Railway Contractors for Carting Railway materials through the Dudda Toll-gate.

NOTES AND ORDERS.

N The petitioner by referring to Govt. End. no. 2221 dt. 7-1-16 dt. 13.9.1915, renews his prayer along with copies of the End. granted to him by the Engineer-in-Chief, Mysore Ry Construction Dept. and of the list of articles to be exempted from toll furnished to the Petr. &c., &c.

	2. The petitioner's present contentions are :— (i) The exemptions from the levy of toll referred to in the list has not only been extended to 33 articles without limiting it to a few as defined in the Govt. issued to him by the Engineer-in-Chief, but also has been made the means to deprive him of his right to levy toll on all of these articles the supply of which are given at a Contract to the Railway Contractors. (ii) As this exemption is not one of the conditions of the sale-deed, he has suffered great loss thereby for the past one year.
	3. His present prayers are :—
	(1) That the list issued by the Exve Engineer be cancelled;
	(2) That he be permitted to levy tolls on the Contractors' materials as by the Ch. Engr's order;
	(3) That early orders be issued by the Govt. to indemnify him for the loss already sustained;
	(4) That clear instructions be issued to him regarding the levy of tolls on things that may be carried thro' the Toll gate for

Sir,

With reference to your letter No. 5448/L.B. 8-15-11 dated 28th. February 1916 forwarding for report petition dated 30-12-15 from Munisamappa tollgate contractor, Dudda tollgate in Hassan Taluk making certain representations in the matter of Railway - articles being excmpted from payment of toll and protesting --- against the issue of free passes by the Railway authorities &ca. I have the honor to state that the petitioner Munisamappa who - has purchased the right of collecting toll by auction sale at Rs.9,550/- for the years 1913-14 and 1914-15 and at Rs.8,000/- for the years 1915-16 and 1916-17 has been the contractor of the toll gate referred to. After the commencement of the Mysore-Hassan-Arsikere Railway work, the Executive Engineer No. 2 Division Mysore-Arsikere Railway Hassan, having for the first time informed in his letter No. 80 dated 14th February 1914 that the toll contractor at Arsikere had collected tolls on carts conveying Government articles, he was authorised to issue free passes to cartmen carrying such bonafide Government properties and after some correspondance the Sub-Stpre Keeper at Arsikere was also as a temporary measure specially authorised as such under rule 64(ii) of the Revised Local Board Rules and at the same time circular orders were also issued to all the Amildars for information to the toll contractors concerned.

2. As instances of recovery of toll by the toll Contractor from the cartmen who had obtained the requisite passes and undue interference with the cartmen and the consequent deley in the removal of Railway materials were constantly brought to notice by the Railway Executive Engineer, orders were issued to the Amildar of Hassan Taluk to obtain and submit the explanation of the toll contractor, to stop the irregularities brought to notice by the Executive Engineer and also to refund the amount of toll recovered on carts which carried Government articles. From the explanation of the toll contractor received with Hassan Taluk Amildars report No. 13 dated 13th. August 1915 it is observed that no hindrance is made to carts carrying bonafide Governmen articles, that toll is being levied on carts which carry materials to be supplied to contractors. It is further stated by him that access is being given to cartmen by Railway -- contractors to pass on the Railway service road newly opened near the Dudda toll gate in lieu of the existing Government road with a view to cause loss to the toll contractor and that free passes are being issued to cartmen who carry ---- materials for delivery to contractors and the Amildar has -- also reported that the non-recovery of tolls on carts carryin materials for delevery to contractors would result in loss to the toll contractor.

3. As the orders issued from this office in the matter of the refund of the toll gate charges to the Railway Executive -- Engineer had not been complied with orders were again issued to refund the same within a specified period and also not to obstruct cartmen possessing free passes. Subsequently on receipt of the petition and its enclosures with the letter under reply needful instructions were issued to the Amildar of Hassan Taluk with a copy of the official note No. 3 dated 12th. August 1915 by the Railway Secretary to Government -- received therewith and the Railway Executive Engineer having with his letter No. 638 dated 10th. September 1915 furnished a list of 33 articles that should be exempted from payment of toll as approved by the Engineer in Chief, circular orders were

21

were also issued in this matter. Now the Amildar of Hassan Taluk has reported in his ittilla No. 620 dated 20th. May 1916 that the representation of the petitioner that free passes are being issued to cartmen carrying materials otherthan those mentioned in the Railway Secretary's Note above referred to appeared to be well founded in as much as the articles do not become the property of Government unless they are paid for As regards the opening of a new road by the Railway authorities it may be stated that a Railway service road has been opened to facilitate the transport of materials to the bridge site as mentioned by the Railway Executive Engineer in his letter No: 608 dated 30th. August 1915 and it is reported by the Amildar that other carts also might have passed through the service road with a view to evade payment of toll on Government road.

4. On a perusal of some of the free passes issued by the Railway authorities, it may be observed that such passes have been issued to carts carrying Mangalore tiles, Cudapah slabs cement barrels etc. which are the properties of a contractor and not of Government.

5. In these circumstances I am inclined to think that the contractor must have suffered loss to some extent which will have to be determined on the examination of the foils of receipts issued by the Railway authorities. The file of Vernacular Papers ending with the Hassan Taluk Amildars report No. 620 dated 20th. May 1916 is herewith submitted for reference and kind return.
